**FACE-TO-FACE (KE-ET)**

## Reaching national targets and goals of the Paris Agreement

Paris Agreement and NDCs, Adaptation strategies and actions and Climate Governance  
Addis Ababa, Ethiopia

### **PARTICIPANTS**

GIZ staff, project partners and other stakeholders involved in NDC implementation and climate policy. The training addresses decision-makers and experts responsible for coordinating NDC implementation or promoting the implementation of NDCs with focus on adaptation in GIZ partner countries

### **OBJECTIVES AND CONTENT**

GIZ's NDC training modules offer participants an overview about the most relevant aspects for implementing NDCs as well as other requirements under the Paris Agreement. Participants will increase capacities for policy development and implementation related to NDCs.

#### **Framework module on the Paris Agreement and NDCs (1 day)**

- Overview on the Paris Agreement (purpose within UNFCCC negotiations, NDC cycle, transparency framework, global stock-take and ambition ratchet)
- NDCs: building blocks for implementation of the Paris Agreement; climate policy cycles: Mitigation, Adaptation, Finance, MRV, Governance
- Elements of NDC implementation and transfer them to national context

#### **Developing and implementing adaptation strategies and actions (2 days)**

- Adaptation in the context of the Paris Agreement regarding climate change incl. evidence-based decision making.
- Strategizing, steering, financing and managing the National Adaptation Plan process and engaging the private sector
- Climate risk management

- Overview of comprehensive climate risk management to manage impacts from rapid and slow onset events and "to avert, minimize and address loss and damage"
- Overview on how to successfully mainstream Ecosystem-based Adaptation to address the links/use synergies between international commitments and targets

#### **Module on Climate Governance (1 day)**

- NDC implementation within the country specific Multi-Level-Governance-System
- Understand different modes of governance and the roles of stakeholder groups.
- Methods for the design of horizontal and vertical co-operation, coordination processes for NDC implementation.
